Re: Coakley Landfill Matter

Dear Ms. Catri:

Enclosed, as we discussed by telephone Monday, are the documents obtained from Browning Ferris Industries (BFI).

In accordance with your request and BFI's, I am forwarding a set to you for your use. These documents are only a fraction of those reviewed from BFI, but were selected in an effort to address allocation issues among the generator PRPs at this site. It will obviously require considerable time to digest this information and to try to fill in gaps in the data for those PRPs served by other haulers and for the years not covered by these documents when Coakley was open - 1972 to 1977.

Sincerely,

Russell V. Randle
